

Brookes Moscow is incredibly proud of its graduating class of 2023, with our cohort going to some of the world's best universities. From numerous Russell Group universities in the UK, to some of the top ranked US, Dutch and Spanish institutions, they have cast their nets far and wide, showing the global opportunities that the Diploma Programme provides. Our 33 graduates are going to a total of 7 different countries, studying across a range of disciplines. We look forward to hearing of their future success and welcoming them back to speak to future generations. Congratulations class of 2023!
